

Attention Pokémon Music Fans!

Did You Know:

- The last major Pokémon CD to be released in the United States was Pokémon Christmas Bash in October 2001: Over two and a half years ago!
- Over ten Pokémon songs have been released in the United States since then, through TV, movies, and video games.
- These songs include *Born to be a Winner*, *Pikachu's Coming*, *Celebi-R-A-T-E*, *I Believe*, and *Side by Side: Pichu & Pichu*.
- Existing Pokémon music is becoming increasingly difficult to find on store shelves.
